Professional Summary

Senior Engineering Manager with a proven track record in leading high-performance teams and driving engineering excellence. Experienced in shaping engineering strategies, fostering collaboration, and enhancing operational efficiency in fast-paced environments. Skilled in mentoring engineering leads, optimizing workflows, and implementing innovative solutions to complex technical challenges. Passionate about building scalable systems that prioritize reliability, performance, and user impact, while promoting a culture of continuous improvement.

Core Skills

- Leadership & Strategy: Engineering Management, Team Development, Cross-Functional Collaboration
- Operational Excellence: Process Optimization, Performance Metrics, Reliability Engineering
- Technical Expertise: Distributed Systems, Cloud Infrastructure, Edge Computing, Security
- Innovation & Tools: Agile Methodologies, Continuous Integration, DevOps Practices, Data-Driven Decision Making
- Communication & Mentorship: Stakeholder Engagement, Team Coaching, Technical Guidance

Experience

Kiran Engineering Works ? Senior Engineering Manager

Sep 2017 ? Present · Chhatrapati Sambhajnagar, India (formerly Aurangabad)

- Directed engineering strategy, enhancing team performance and achieving a 40% increase in project delivery speed.
- Mentored engineering leads, resulting in a 50% improvement in team productivity and morale.
- Streamlined engineering operations, reducing process bottlenecks by 30% and improving overall efficiency.
- Championed high-quality releases, achieving 99.5% uptime and significantly enhancing user satisfaction.
- Fostered innovation by integrating new technologies, leading to a 25% reduction in operational costs.
- Collaborated cross-functionally with product and sales teams, improving alignment and project outcomes by 35%.
- Resolved critical technical challenges, enhancing platform stability and security, reducing incident response time by 60%.
- Promoted a data-driven culture, embedding analytics into engineering practices to track success and guide decisions.

LTI ? Larsen & Toubro Infotech Ltd. ? Software Engineer

Apr 2015 ? Jul 2017 · Pune, India

- Assisted in the development and maintenance of enterprise applications, improving system performance by 20%.
- Worked with Python for scripting tasks and building/supporting REST APIs, enhancing integration efficiency by 30%.
- Contributed to testing, debugging, and deployment processes, reducing deployment time by 25%.
- Gained strong exposure to Agile workflows and SDLC practices, improving project turnaround time by 15%.

Education

- B.E. Computer Science Engineering ? PESCOE, Aurangabad (First Class with Distinction, 2010?2014)
